

Welcome to Pobbles

Welcome to Reception.

We are so proud of how your children have settled into our class and are looking forward to a fun filled year!

Autumn
Term
2026

Topic

Our topic for the first half term will be "Me and My World", which gives the class opportunities to explore things that are important to them, their families and friends, and thinking about how they have changed from a baby to now. After half term, our topic will be "Tell Me a Tale", which will include reading our favourite stories and creating stories of our own.

Children will begin to learn letter sounds through Twinkl phonics which will support their reading and writing development. You will get information about the letter sounds we have been learning each week in their book bag on a Friday. We will use White Rose Maths to develop children's maths and numeracy skills through hands on practical exploration and problem solving.

Learning will take place both indoors and outdoors through real, hands on experiences.

Forest sessions

Forest sessions will take place every Wednesday afternoon. Please send your child into school with wellies and a change of clothes.

We have waterproof suits for children to borrow as well as spare wellies if they need them.

PE session

PE will happen on a Tuesday morning. Please send children in with comfortable footwear, such as trainers, to take part in physical activity.

Home Learning

The most important home learning you can do with your child is to read with them. Children will bring home a story book every Friday, which they can return and change every week. Please share the book with your child and then complete the reading record sheet with a simple comment. Children can colour in a happy or a sad face to show if they liked the story. There is a home learning menu for each topic on our class page of the school website. There will also be links to online games to support your child's learning.

Healthy Schools We are a Healthy School and are keen to promote healthy habits from a young age. Children will have a healthy snack every day and will always have water available to drink. If they bring their own drink from home, we would encourage this drink to be water or sugar free squash. Please do not send in any fizzy drinks or energy drinks.

Children will also brush their teeth daily if you have given consent.
